EARLE DILATUSH'S HOLLY

RAILWAY EXPRESS PRICE LIST

"Merrie England" Collection

Top, left to right: Hedgehog, Screw Leaf, Silver-edged and Little-leaf.
Bottom, left to right: Wilsons, Silver Hedgehog, Green English Variations.

DILATUSH'S "Merrie England" COLLECTION

Hollies of Old England.

Varieties popular in Britain in the days of Queen Victoria.

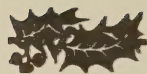

Amazing Variations . . . you just cannot believe that some of them are true until you see them: Silver-white-edged leaves, porcupine Hollies literally covered with spines, dainty little leaved Hollies, great big leaved ones, screw-twisted leaves, and leaves to remind you of Christmas the year round.

We'll ship six distinctly different types (illustrated) or you may choose any variety you wish.

- 6 most unique Hollies
- Shipped in strong 4" pots
- Well packed in tough box
- Growing in Oak Leafmold
- 3 to 10 inches high
- One to two years of age
- Express PREPAID \$14.25*

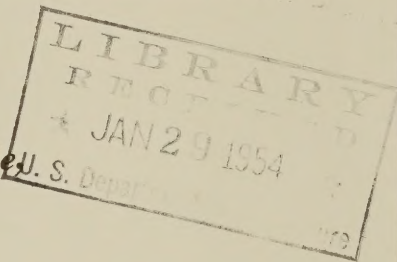

Hardy in zero temperatures if planted in a location shady the year round, and in a spot protected from strong winds.

*Slightly higher West of Mississippi River because of increased Express Charges.

DILATUSH'S ORIENTAL COLLECTION

*Clashing cymbals, sing-song talkies,
pagodas, and . . . unusual Hollies.*

Some have huge spines stuck on the leaf like horns on a bull . . . others have tiny leaves less than an inch long. There are varieties with leaves like boxwood, some of them speckled golden yellow, and big green leaved ones with only a spine or two.

The collection (see photo) of seven different Orientals will be shipped or you may choose any Oriental variety that you wish.

- Oriental Beauties
- Shipped in strong pots
- Well packed in tough box
- Growing in Oak Leafmold
- 3 to 10 inches high
- One to two years of age
- Express PREPAID \$11.25*

These sun-loving beauties will grow in zero cold in wind sheltered spots.

"Oriental" Collection

Top, Japanese Hollies, left to right: Helleri, Golden Variegated (up), Convexa (center), Rotundifolia.

Bottom, Chinese Hollies, left to right: Cornuta, Pernyi, Cornuta Burfordi.
